

2019 Hardrock Lottery Tickets - Final Version

11/28/18

This is the final listing of the number of tickets each applicant will have in our December 1 lottery. If you can't find your name, check for alternate spellings, especially if it is hyphenated or more than two words long.

We have included enough information for you to understand how your ticket total was determined. The columns contributing to each lottery's total are highlighted in yellow. The total number of tickets is highlighted in orange.

Your number of tickets in the "Else" lottery is: $\text{Total tickets} = 1 + \text{Total Finishes} + \# \text{ DNS since last start} + \# \text{ Service tickets}$

Your number of tickets in the "Never" lottery is: $\text{Total tickets} = 2^N$, where $N = \# \text{ DNS ever} + \# \text{ Service tickets}$

Your number of tickets in the "Vet" lottery is: $\text{Total tickets} = \text{Total Finishes} + \# \text{ Service tickets}$

The rules for determining these numbers and the lottery algorithm are explained at <http://hardrock100.com/hardrock-lottery.php>. In particular, note that in the "Never" lottery the exponent of our 2^N formula is the number of **previous** years you have applied. For example, if this is the second time you have applied, $N=1$ (i.e. you applied once before this year) and you get two tickets, not four.

Note that you are credited with a DNS **only** if you had met the qualifying standard for that year and hadn't withdrawn your application before the lottery. Before 2013, applicants could qualify by writing an essay detailing their "equivalent mountain experience", but we rarely accepted that as a qualification for applicants living in North America - it was intended for foreign applicants who did not have easy access to the hundred mile races in existence at the time.

We have removed from this list applicants for who did not complete a qualifying race.

Our policy for awarding Service Tickets is described at <http://hardrock100.com/hardrock-lottery.php>.

The final ticket counts are as follows (format is "number-of-tickets:number-of-runners-who-have-that-number-of-tickets"):

Never: 45 entry slots, 2222 applicants, 16818 tickets total. 1:778, 2:552, 4:340, 8:229, 16:154, 32:104, 64:45, 128:18, 256:1, 512:1

Else: 67 entry slots, 229 applicants, 891 tickets total. 1:11, 2:40, 3:52, 4:43, 5:43, 6:28, 7:6, 8:1, 9:1, 10:1, 20:1, auto-accepted:2

Veteran: 33 entry slots, 37 applicants, 362 tickets total. 5:7, 6:7, 7:4, 8:3, 9:3, 10:1, 11:1, 12:2, 13:2, 14:1, 16:3, 22:1, 24:1, 27:1
