

2021 Joel Zucker Memorial Scholarship Winners Announced

The Joel Zucker Memorial Scholarship fund proudly announces the awarding of twelve \$3,000 scholarships. Six scholarships will go to 2021 high school graduates, three from Silverton High School—Daniela Acosta, Raja Braford-Lefebvre and Emelie deKay who will attend Fort Lewis College next year. In addition, other high school recipients include Jaydyn Gallegos from Meeker High School who will attend Grand Canyon University, Ian Hall from Lake City Community School who will attend Cornell College, and Molly Wright from Colorado Mountain School who will attend American University.

Six additional students are awarded Continuing Education funds—Clair Cunningham of Lake City will attend Berry College; Hannah deKay of Silverton will attend Regis University; Miranda Hall of Lake City will attend Cornell College; Amaris Hamilton of Silverton will attend Fort Lewis College, Jacee Lawrence of Lake City will attend Colorado Mesa University, and Kayla Zimmerman of Silverton will attend Vermont Law School.

During the last 22 years (including this year), we have awarded 109 scholarships totaling \$210,550. Money is donated by runners, volunteers and friends of the Hardrock Hundred run, a 100-mile footrace which starts and ends in Silverton each July. Scholarships are given in memory of Joel Zucker, a librarian from New York State who loved long-distance running and Silverton. He died after completing his third Hardrock Hundred run in 1998.
